

From the desk of the publisher, editor

Welcome to Union County Magazine

Summer arrived following a delayed Spring which brought forth a time for new life. Those with cabin fever had a chance to get outside after a long winter. Spring felt like a good time to plant something new, a magazine designed to focus on what is good about our local community. Now it has bloomed.

Norm

Putting our community in a positive light and focusing on the good is a priority of this publication, dedicated to those who make this a better place to live, work, play and visit. Pages are not cluttered with huge ads, but rather there is a lot of space devoted to text and photos. Discover the many unique features. There is nothing else like this in the area. Thank the advertisers for making this possible.

Life has been good having the opportunity doing background work in television shows and movies. It is thrilling seeing yourself on the big screen and television. After doing background work, when watching a movie or show, I find myself concentrating on what is happening in the background as well as the main action.

That idea is part of this magazine, focusing both on the obvious while also looking into the background of various subjects.

I still enjoy being involved in the Union County community and having more friends than anyone could possibly count. I am a blessed and fortunate individual to live in this place at this time.

We live in a beautiful area - the Land of Friendly People, Scenic Beauty, Abundant Forests, Mountains, Lakes, Streams, Waterfalls & Wildlife. We have good businesses, good schools, good places to eat and many civic minded folks helping others. It indeed is a great place to live, work and play.

I welcome your suggestions and ideas for future publications. Ya'll come by. We'll sit on the big covered porch and visit.

Home Health**

Dr. George Gowder and his family opened the doors of Appalachian Home Health Care (AHHC) in 1991 with a clear vision... Our mission is to help clients live healthier and more fulfilling lives by providing superior, individualized skilled home care. Where there is a circumstance or stumbling block, we see an opportunity to make a difference. When you work with AHHC, you will find that our mission is translated into all we do - it is our passion and commitment.

Experience the Difference

- We are locally owned and operated for over 23 years
- We believe our clients come first
- We believe we must demonstrate honesty and integrity at all times
- Our team members are hand selected
- Our highly skilled team members receive ongoing training
- We offer a client and family-centered team approach
- We are dedicated to the community in which we live and work
